

# Homemade Hand Sanitizer

## Ingredients

- 5-10 drops of lavender essential oil
- 30 drops tea tree essential oil
- 3 ounces of high-proof vodka
- 1-ounce pure aloe vera gel
- ¼ tsp Vitamin E oil

## Instructions:

1. Add essential oils and Vitamin E to a small glass bowl or container and swirl to mix.
2. Add alcohol to the oils and swirl again.
3. Combine this mixture with the aloe vera gel and mix well.
4. Shade gently before each use. (Sanitizer should last several months with the addition of Vitamin E and alcohol to help preserve.)
5. Transfer hand sanitizer to small, clean squirt bottles.

Note: to make a hand sanitizer **spray**, use witch hazel instead of aloe vera gel in this recipe.
